A Message from your Scoutmaster

There's no statement more true than Wood Badge changes lives. I can honestly say that It changed mine and I know that Wood Badge has affected the lives of the Scouts in my unit and my family.

I want to thank you for taking the Wood Badge challenge. You'll soon realize what an important step you've made.

Ronnie Williams
Course Director
S3-577-16

"The boy is not governed by don't, but is led by do."
--Robert Baden-Powell 1857-1941

Wood Badge Ticket Tradition

The ticket is one of the great Wood Badge traditions. In Baden-Powell's day, military men at the end of their service were expected to pay their own way back to England. To economize, officers nearing completion of their duties sought assignments at posts closer to home – a process known as "working your ticket".

During the Wood Badge course, we ask each participant to develop a ticket – a list of goals that will allow you to use your new leadership skills in ways that will strengthen Scouting in your home units, districts, and councils.

Troop 1: Roles and Responsibilities

Patrol Leader

- Take a leading role in planning and conducting patrol meetings and activities.
- Encourage patrol members to fully participate in the Wood Badge course and to achieve all they can.
- Represent the patrol as a member of the patrol leaders' council (PLC).
- Set a good example by living up to the Scout Oath and Law.
- Practice using the leadership and team skills being presented during Wood Badge presentations.
- Ensure that daily patrol self-assessments are carried out in a timely, effective manner.
- Provide patrol members with all the resources and information they need to succeed.
- Empower the patrol to become the best it can be.
- See that the patrol is prepared for all course presentations and activities.

Assistant Patrol Leader

- Assume the responsibilities of the patrol leader whenever the patrol leader is unable to do so.
- Encourage patrol members to fully participate in the Wood Badge course and to achieve all they can.
- Assist the patrol leader in empowering the patrol to become the best it can be.
- Set a good example by living up to the Scout Oath and Law.

Patrol Chaplain Aide

In concert with the chaplain aides of the other patrols and with the Staffer assigned to coordinate their efforts, the patrol chaplain aide will:

- Learn what resources are available that can be used for religious observances during the course and make that information available to the rest of the patrol.
- Develop and help present the participant's interfaith worship service.
- Assist in conducting any other religious observances that may arise during the Wood Badge course.
- Set a good example by living up to the Scout Oath and Law.

Patrol Scribe

- Provide interesting and timely material about the patrol to the publisher of *The Gilwell Gazette* – the daily newsletter of the course. (The publisher of the *Gazette* may hand out guidelines to help scribes fulfill their duties or may briefly meet with all the patrol scribes to discuss how best they can assist in making the *Gazette* a worthwhile publication.)
- Set a good example by living up to the Scout Oath and Law.

Patrol Member

For a patrol to succeed as a team, each of its members must:

- Fully participate in the Wood Badge course and achieve all he or she can.
- Practice using the team development skills introduced during Wood Badge presentations.
- Help his or her patrol meet its obligations to fulfill assignments, including the development and presentation of the patrol project.
- Set a good example by living up to the Scout Oath and Law.
- Have fun!

The Gilwell Gazette

The Troop Scribes publish *The Gilwell Gazette* (the Troop's newsletter) daily during the course. The *Gazette* provides the day's schedule, interesting information and articles about your Patrol. You may pick up your *Gilwell Gazette* each morning from your Patrol mailbox.

Your Patrol Scribe should submit your Patrol article for the *Gazette* by 5 p.m. each evening to be published the next day. The newsletter's content and success depend on each Patrol's daily contribution.

Gazette Patrol Article Suggestions

1. Each daily Patrol article provides the Troop information about your Patrol.
2. Your Patrol Scribe may include but is not limited to the following suggestions for your Patrol article:
 - A brief biographical introduction of each Patrol member.
 - What your Patrol has accomplished. Please no repeats of the course content.
 - Funny and/or serious occurrences that happen during the day.
 - Goals or challenges for your Patrol.
 - Appropriate challenges for other Patrols.
3. Please assist your Patrol Scribe with the ideas and information that he or she may need.
4. Please place your Patrol article in the Troop Scribe's mailbox by 5 p.m. each day.
5. Please design your Patrol totem and submit a copy of it to the Scribes via the Troop Scribe's mailbox.

Wood Badge Totems

Sometimes the little things in life are the big things.

What is a totem? The dictionary says it is an animal, plant or natural object that is associated with a clan or smaller group of a tribe, regarded by the members of the group as a protector or sacred ancestor. The name of the group is often derived from the totem. The word "totem" originated from the Ojibwa word—ototeman—meaning "his relation."

Although that description describes much of what a Wood Badge patrol totem is, it does not capture the whole meaning that a totem encompasses. Among the synonyms—we can think of the following words: charm, coat of arms, crest, emblem, ensign, hallmark, insignia, logo, mark, mascot, seal, sign, symbol, talisman, token, trademark.

The Boy Scouts obviously borrowed the term from the North American native culture, who gave "totem" a mystical or metaphysical meaning. In Wood Badge, we give our totems sentimental, nostalgic and imaginary meaning. Wood Badge

participants often use their totems to mark correspondence and notes.

A well executed totem should include but is not limited to the following elements:

- The patrol animal
- The course date
- The course number
- The Wood Badge course location
- Quickly or easily drawn by hand
- Simplicity
- A unifying symbol of all patrol members
- Some indication of individual patrol member

Larry's scouting experience started back in 1997. A family involved in Scouting came to his church, the First Baptist Church of Rice, Texas. They formed a committee and recruited some leaders and started enrolling boys. They started out with 7 boys, 5 adults. A troop in the next town supplied them with gear. Soon after the formation of the troop, he became Scoutmaster and remained until 2001. His first Wood badge experience was at the Philmont Scout Ranch. Circle Ten Council offered a week long experience, since he had a job that didn't allow being off on weekends, he jumped at this opportunity. This Wood badge would be the last "old" Wood badge offered to the Circle Ten Council.

His new Scouting experience began about 3 years ago, when he was recruited as an Assistant District Commissioner. Being new in the area, he didn't know many of the Scouters, but through district meetings, camporees and training, he soon got acquainted with several. His "new" Wood badge experience led him to enroll in the course two years. With roaring hoofs, the Buffaloes of SR-1074 moved along the trail to the 21st Century experience. Since then he has received his Committee Training Device, his Commissioner's Key and his Doctrine of Commissioner Science.

At the age of 12, David became a member of Troop 135 in Ganado, Texas after being invited to join by one of his neighborhood buddies. One of the first camping trips that David went on was to the Gulf Coast Council Camporee at Knolle Farms. David's stay with Troop 135 was a relatively short two years. However, when David left scouting to follow another call, he had earned the Star rank, the Ad Altare Dei award, and was a Brotherhood member of the Order of the Arrow. Many years later, David became involved again in scouting when his older son needed someone to take him to a Wolf Den meeting. As father and son were leaving to attend the meeting, David paid little heed to his wife's admonition, "Don't you volunteer for anything." The rest is a history of miles traveled, nights given up, the fellowship of campfires, the laughter of silly skits and songs, and great globs of Dutch oven cobbler. Along the way, David has been an Assistant Wolf Den Leader, a Bear Den Leader, a Webelos Den Leader (two different times), Assistant Cubmaster, Cubmaster, Troop Chaplain, Assistant Scoutmaster, and Scoutmaster.
